### **CDOT Survey**

## Division of Aeronautics Needs Your Feedback!

The CDOT Division of Aeronautics has sent out surveys to update its statewide economic impact study. This study affects **ALL** airports and airport businesses because it demonstrates the positive and significant impact of the aviation industry on Colorado's economy.

**Please** take a few moments to complete and return the tenant survey if you have not yet done so. The study is to be released in May 2013 so your timely cooperation will benefit all of us in the industry.

## Board meets in Colorado Springs

The February Board of Trustees meeting was held in the Colorado Springs (COS) Airport Administration offices. We were graciously hosted by Public Affairs Administrator Agnes Blachut and Aviation Director Mark Earle.

After completing Board business, we were given a tour of the Terminal building as well as a bus tour of the airport grounds.

## Committees can use your help

One of the benefits of being a member is that you can help our various committees carry out their functions to better serve our membership and the aviation community in Colorado.

Serving on a committee is a great way to network with fellow aviation professionals of many stripes, give back a little to your community, and very possibly open a new door in your career path. All of our committees are made up of people just like yourself who put extra effort into doing the things that make CABA a better organization.

As we ramp up efforts to become a truly state-wide organization serving all aviation-related businesses, anyone who wants to help is more than welcome. Find out more by using this link: [info@mycaba.org](mailto:info@mycaba.org)
